Experience

- **Venture Consultancy Services Pvt Ltd**
React Developer

May 2024 - December 2024
Lucknow, UP

 - Built responsive interfaces using React.js and Tailwind CSS, ensuring efficient state management.
 - Successfully integrated RESTful APIs using Axios and handled complex state management for API responses, implementing error handling and loading states.
 - Collaborated in a team environment to build and maintain modern web applications, focusing on clean code practices and reusable component architecture.

Projects

- **Arogya Health Care**

 - Designed the frontend for HMS using Next.js and Tailwind CSS with API integration.
 - Connected APIs to fetch and display dynamic data efficiently, ensuring seamless integration with the backend.
 - Created multiple sections tailored for different roles, including:
 - * **Reception Section:** Assists with patient check-ins and inquiries.
 - * **Account Management:** For handling financial operations.
 - * **HR Management:** To streamline employee-related processes.
 - * **Master Section:** For managing hospital configurations.
 - Delivered responsive, role-based dashboards to enhance usability.
 - **Tech Stack:** Next.js, Tailwind CSS, REST APIs.
- **Real Estate (Ongoing)**

Current Role

 - Designed and developed the user interface (UI) for a Real Estate website using React.js and Tailwind CSS, focusing on responsiveness and user-friendly design.
 - Implemented various sections to enhance functionality and user experience, including:
 - * **Property Listings:** Displays detailed information about available properties.
 - * **Agent Profiles:** Showcases agent details to facilitate easy communication and engagement.
 - Focused on delivering a visually appealing, responsive, and accessible interface.
 - **Tech Stack:** React.js, Tailwind CSS, REST APIs.

Skills

- **Frontend Development:** React.js, Context API, Responsive Design
- **Database Management:** PostgreSQL
- **Version Control:** Git, Gitlab
- **Full-Stack Deployment:** Netlify

Tools

Visual Studio, GitHub, Gitlab
